2022 Fall Varieties

GARLIC LIST

HARDNECK

Chesnok Red

Rocamboles variety. 8-12 easy to peel cloves per bulb. Very strong and spicy flavor.

Storage: 4 - 6 months

Elephant

You'll harvest enormous bulbs that are up to 4" wide and 3" long! Delicious mild flavor.

Elephant bulbs can easily weigh a pound or more! Averages 2 cloves per bulb.

Storage: 6 months

German Red

Rocamboles variety. 8-12 easy to peel cloves per bulb. Very strong and spicy flavor.

Storage: 4 - 6 months

Montana Zemo

This beautiful and vigorous porcelain type produces large, dense, white bulbs with huge, pink-wrapped cloves. When eaten raw, expect a robust, complex garlic flavor, with little heat, and virtually no aftertaste. When cooked, its flavor is buttery, nutty, rich, and even some what sweet. Storage: 6 months

Music

Extremely high yielding, with vigorous plants and very large, tightly wrapped bulbs. Slightly spicy flavor is hot raw and sweet roasted. Vigorous with long roots, it can overwinter without heaving. Very cold tolerant. Storage: 9 - 12 months

Persian Star

Has a pleasant flavor with a mild spicy zing; it averages 8-12 cloves per bulb. It is a beautiful garlic with thick white bulb wrappers streaked with purple. When used for planting, Persian Star produces reliable yields year after year. Storage 4 - 6 months

Spanish Roja

Flavor is strong but not overly spicy. Thin bulb wrappers are easy to peel. Needs a cold winter. Storage: 4-6 months.

2022 Fall Varieties

GARLIC LIST

SOFTNECK

Inchelium Red

These flattened, dense bulbs can get as big as 3" across and tout a thick, protective skin. The robust flavor develops an added kick in storage.
Storage: 10 months

Italian Late

A very late maturing variety that then keeps exceptionally long. Perfect variety to extend your harvest time. Nice and mild flavor with medium heat. Averages 25 cloves per bulb.
Storage: 8 months

Nootka Rose

Silverskin variety. Pacific Northwest heirloom garlic originating from San Juan Island. Strong Flavor, 15-20 cloves per bulb.
Storage: 10 - 12 months

Silver White

Popular soft neck for braiding, often seen in grocery stores. Bright white skin and large cloves. Productive in cold, hot and humid climates. Storage: 10 - 12 months

White Polish

Mild taste. Polish White Seed Garlic minimum bulb size is 2 inches across. Average 5-8 bulbs per pound. Storage: 10 months
